WHY PARTNER WITH ME TO SERVE YOUR CLIENTS?

Boost referrals and build long-term client loyalty. Clients are more likely to recommend a realtor who goes the extra mile to show appreciation. These standout gifts can spark conversations that lead to new referrals and business opportunities.

You can select one of our predesigned baskets, or I can adjust the baskets according to your budget, or you can let me know which items from our portfolio of products you wish to include.

I will save you time! You can show appreciation without the hassle and without requiring a big time investment, allowing you to focus more on closing deals.

High-quality products your customers will love and actually need! Each item in our gift baskets is made with plant-based ingredients from our esteemed Organic Certified partner farms. Our cleaning products are part of the U.S. Environmental Protection Agency's Safer Choice Program, which helps customers identify products with safer chemical ingredients.

I LOOK FORWARD TO
SERVING YOU AND
YOUR CUSTOMERS!
